

The fate of Westeros  
is forged in whispers  
and secrets at  
**King's Landing.**

The crowned stag sits  
upon the Iron Throne -  
Robert Baratheon, a king  
consumed by lust for life

The city a jewel, lush in full  
flower of summer. Ravens  
fly from here, carrying  
the king's decrees to the  
farthest shores.
