

The **W**all keeps the dire threats of the North safely at bay. It was built eight thousand years ago of ice and stone - and has been manned since by the men of the Night's Watch. **T**hose who take the black and join the watch swear to take no wife nor gather glory - their duty is only to protect.

Today's Menu

Black seafood stew with
dragon peppers

Beet and pickled egg with
preserved horseradish
followed by
